

## about secure parking

*Our involvement in car parking began 40 years ago and since that time we have identified an opportunity to develop a fresh and more relevant approach to car parking that benefits all types of parking customers.*

We offer a wide range of user-friendly parking facilities and strive continually to provide the highest levels of customer service at every location, ensuring every experience you have with Secure Parking is a great one. Achieving this has been one of the key factors in making Secure Parking the largest car park operator in Australia.

With more than 250 Secure Parking car parks throughout Australia and an innovative range of parking products to choose from, Secure Parking has a convenient parking solution for you.

*Our promise is simple. With Secure Parking, you'll have "No Parking Worries".*

# secure parking - parking to suit you

After 40 years of perfecting the parking experience, our range of innovative parking packages and tailored parking solutions is second to none. We offer great choices too, with over 250 Secure Parking car parks across Australia for you to access.

# secure-a-spot: the simple way to eliminate parking stress

## Book your parking online and you'll save both time and money

Welcome to Secure-a-Spot, Secure Parking's new online booking service that provides you with a stress-free way of securing a parking spot in the city whilst saving you money on the normal parking rate.

It's the perfect way to compliment a romantic dinner, night at the theatre or a day's outing with the kids. And if you need to park in the CBD for work but don't want the long term commitment of Monthly Parking, you can even use Secure-a-Spot to book Early Bird or parking at selected car parks.

Secure-a-Spot is the new way to park and it's simple to use.

## There's a Secure-a-Spot car park located close to your destination

Secure-a-Spot is available at a range of car parks in your city and each month a number of new Secure-a-Spot sites will be added to our network.

For a list of car parks offering the Secure-a-Spot service, visit [www.secureparking.com.au](http://www.secureparking.com.au)

## How to book your parking using Secure-a-Spot

Booking parking online with Secure-a-Spot is easy!

All you have to do is select a car park that offers Secure-a-Spot online booking and click the 'BOOK NOW' button which is located next to the product and rate you wish to select at that car park.

Alternatively use our Deal Finder Tool to identify all the 'cheap' parking options that meet your requirements. You'll see a 'BOOK NOW' button next to all Secure-a-Spot products.

Once you click on the 'BOOK NOW' button, you'll be taken to the Secure-a-Spot online booking service for your selected Secure Parking car park.

Follow these simple steps and using the Secure-a-Spot online booking service will be as easy as 1-2-3-4!

### Step 1 - Select the date and times you wish to enter and exit the car park

When you arrive at the Secure-a-Spot landing page, you'll need to select the date you intend to use the car park and choose your arrival and departure time. The Secure-a-Spot system will provide you with a range of suitable products to choose from.

### Step 2 - Select the product you wish to choose

There are a range of parking products such as Early Bird, Weekend, Party Parker, Evening and Casual parking available at Secure-a-Spot locations. Simply select a product that suits your requirements.

### Step 3 - Register your details and review your booking

Before you can complete your Secure-a-Spot booking, you will need to register as a Secure-a-Spot user. Once you register, you'll be asked to review the details of your booking.

From time to time, we issue promotional Secure-a-Spot codes that offer even greater discounts on parking. Be sure to enter your promotional code before you move on to selecting your product.

If you don't have a promotional code, you can still use the Secure-a-Spot service.

### Step 4 - Pay for your Secure-a-Spot booking

You can pay for your Secure-a-Spot booking with your preferred credit card. We accept all Credit Card types, as well as our Advantage Parker card.

## what to do when you get to the car park

When you pay for your parking, you'll be sent a confirmation email that includes a five-digit PIN number.

Don't forget that number! That's your exclusive key to enter and exit the car park, but it can only be used once!

1. Just enter your exclusive Secure-a-Spot PIN Number at the Orange Secure-a-Spot Touch Screens at the car park entry.
2. Park in an available bay (except a Reserved Bay). For Secure-a-Spot Early Bird Parking, you must park in allocated Early Bird areas only or as directed by staff.
3. When you exit the car park, simply re-enter your Secure-a-Spot PIN Number at the Touch Screen at the car park exit.

If you accidentally miss your exit time, don't worry. Your Secure-a-Spot PIN Number will still let you out of the car park but you may receive an additional charge to your nominated credit card.
